

NASA CONNECT MATH

**Free Professional
Development Workshop
for Educators!**

**NASA PBL Activities
and Video Series
for 5th-8th grade
Math Educators**

Explore a video series developed by NASA to show middle school students real world applications of mathematics and introduce students to interesting careers which use math everyday. Problem based learning classroom activities have been developed to relate to the video topics.

PBL Activity Topics:

- **Statistics**
- **Linear Equations**
- **Angular Size and Distance**
- **Ratios**
- **Much More!**

**Please register
at least 7 days
in advance!**
