1. State of the State: Mathematics K - 12
by Lou Maynus West Virginia Department of Education Mathematics Coordinator
Power Point available at www.blueribbon.ws
(Contact Lou at lmaynus@access.k12.wv.us if you would like to be placed onto the list serve.)
2. There is interest in putting forward a Blue Ribbon Grant proposal to give professional development in Math I. The idea is to use materials being created by the WVDE for Math I as well as materials that will be used in the Teacher Leadership Institute this summer of 2012 to make available the professional development to a broader range of teachers.
3. In lieu of a final meeting this year, Blue Ribbon Committee members are invited to attend the MAA regional meeting being held at WVU on April 13 -14. Meeting information is posted at www.blueribbon.ws.
4. We had a very nice turn out from pre-service teachers. We will continue to invite them to our meetings. In addition to having one meeting dedicated to a presentation by the WVDE Mathematics Coordinator, we will arrange for a TI/Technology presentation at one of our meetings next year.
5. Our next meeting will be held at WVU on September 19. At that time we will discuss in more detail ideas for the Math I project.
