1. Lou Maynus will be invited to give a session at the Fairmont meeting on Feb. 29. Pre-Service teachers will be invited.
2. We discussed the development of a calculus professional development opportunity for teachers. The target group for participants will be high school teachers interested in offering the college credit WvEB Calculus courses, or any teacher wishing to refresh or gather new teaching methodologies for the teaching of calculus. Laura will develop a one-page explanation to send out to Blue Ribbon and WvEB partners in order to solidify the partnerships needed for the grant proposal that would fund this opportunity.
3. Susan briefly discussed the work related to the Elementary Math Specialist endorsement.
4. Our next meeting will be held at Morgantown on October 26 and Fairmont on February 29.
